

Programs With Student Learning Outcomes

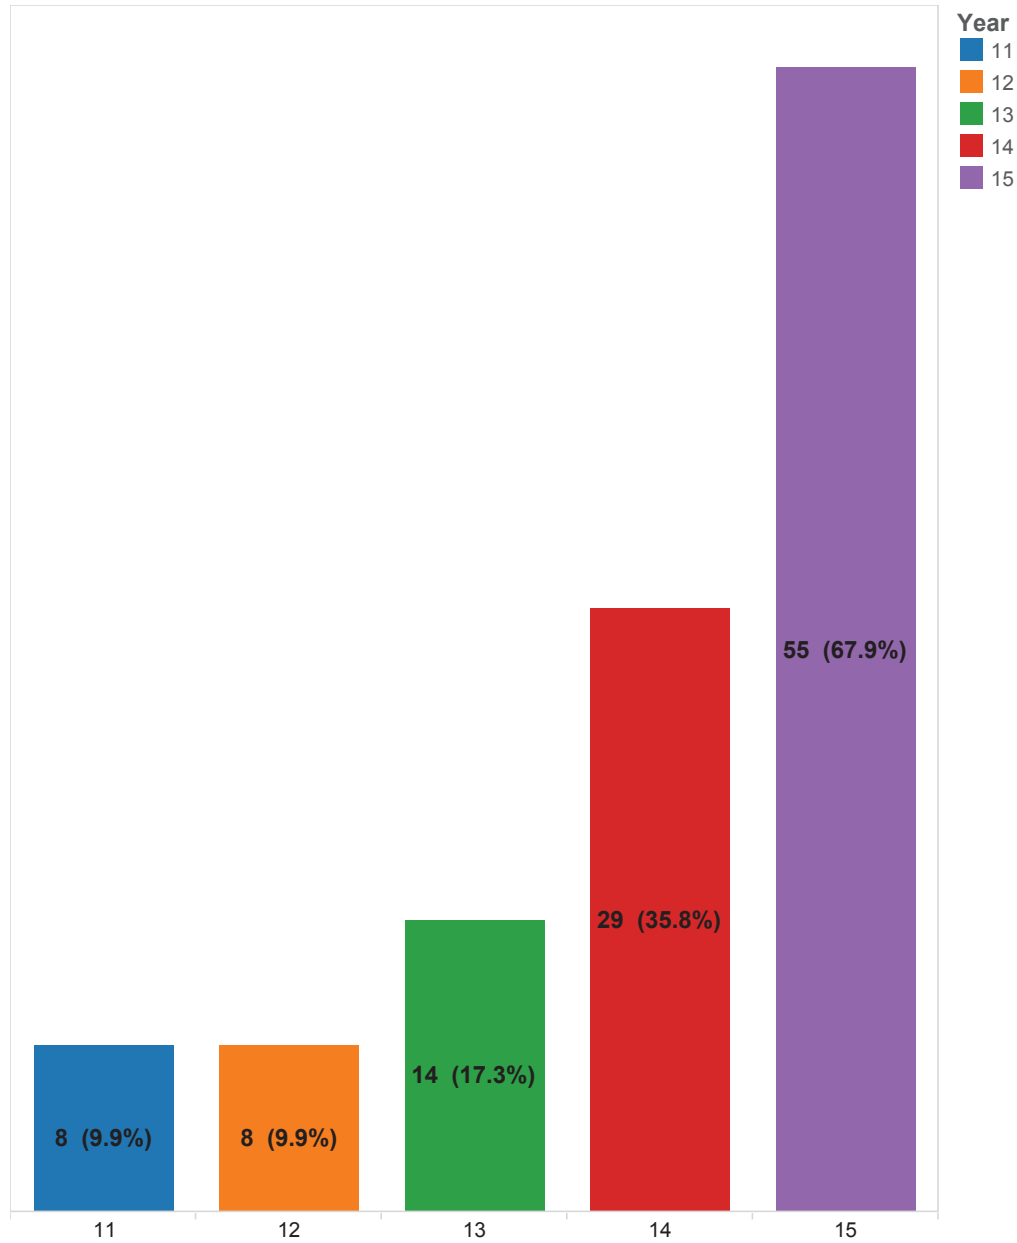

Distinct count of Major for each Year. Color shows details about Year. The marks are labeled by distinct count of Major, Percent Label and maximum of Weave Entity. The data is filtered on Outcome Objective and College. The Outcome Objective filter keeps 416 of 417 members. The College filter keeps Arts and Science, Business, Education and Nursing.

Programs With Targets

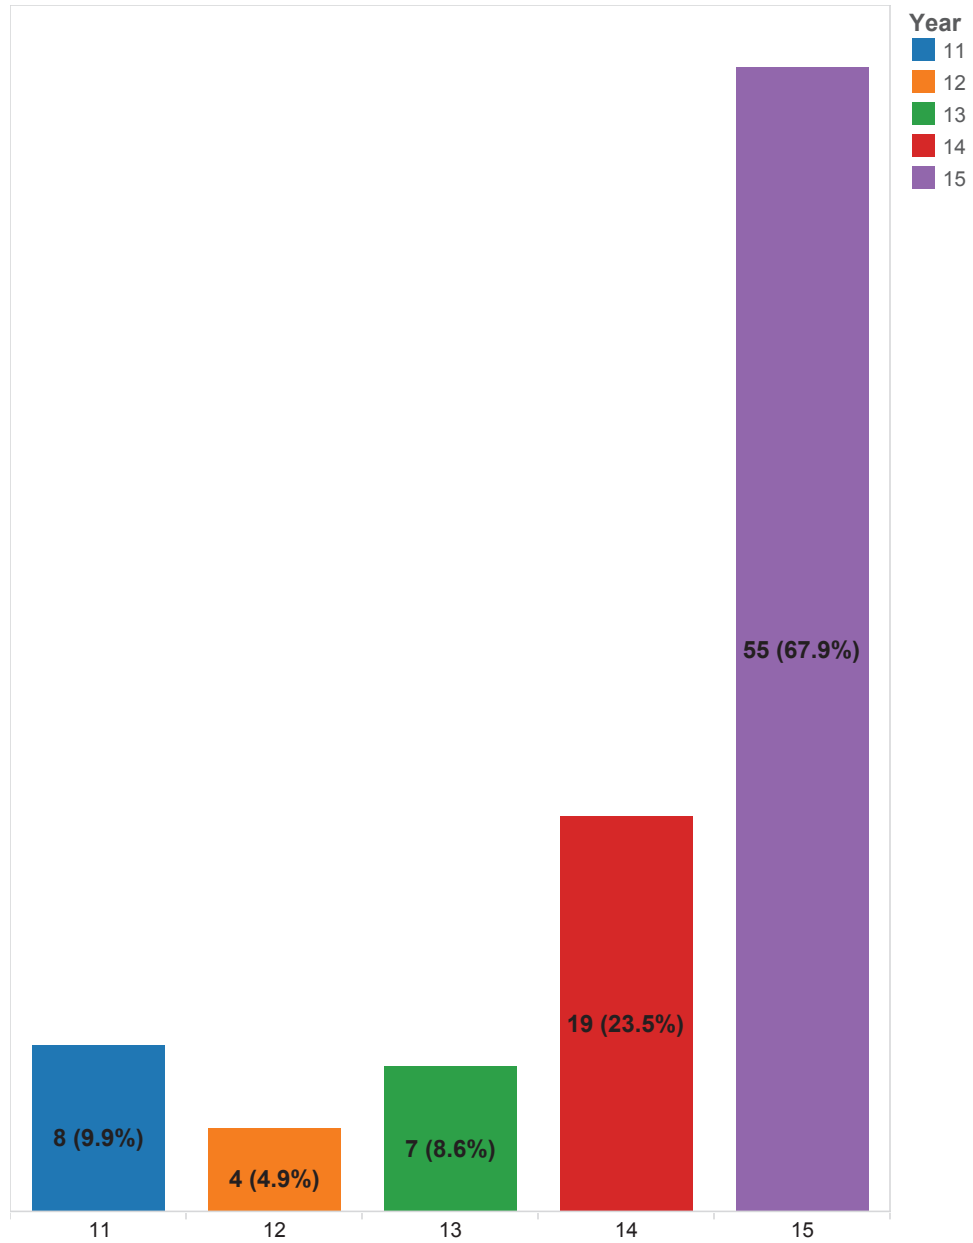

Distinct count of Major for each Year. Color shows details about Year. The marks are labeled by distinct count of Major, Percent Label and maximum of Weave Entity. The data is filtered on Target and College. The Target filter keeps 274 of 275 members. The College filter keeps Arts and Science, Business, Education and Nursing.

Programs With Findings

Distinct count of Major for each Year. Color shows details about Year. The marks are labeled by % of Total Distinct count of Major, distinct count of Major and Percent Label. The data is filtered on Finding and College. The Finding filter keeps 394 of 395 members. The College filter keeps Arts and Science, Business, Education and Nursing.

Programs With Action Plans

Distinct count of Major for each Year. Color shows details about Year. The marks are labeled by % of Total Distinct count of Major, distinct count of Major and Percent Label. The data is filtered on Action Plan and College. The Action Plan filter keeps 158 of 159 members. The College filter keeps Arts and Science, Business, Education and Nursing.

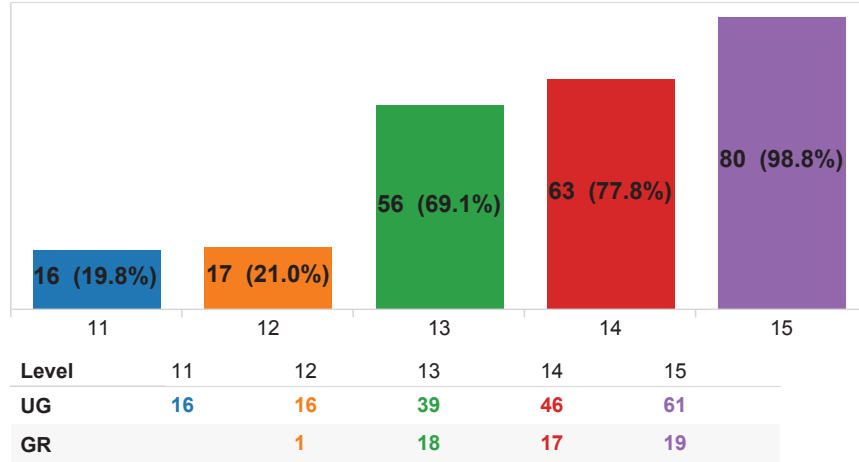

AY2011-AY2015 Program Level Assessment Data

	11	12	13	14	15
Outcome/Objective	36	41	208	233	325
Targets	15	19	78	164	204
Measures	19	21	106	150	203
Findings	5	9	48	144	192
Action Plans	8	5	15	54	100

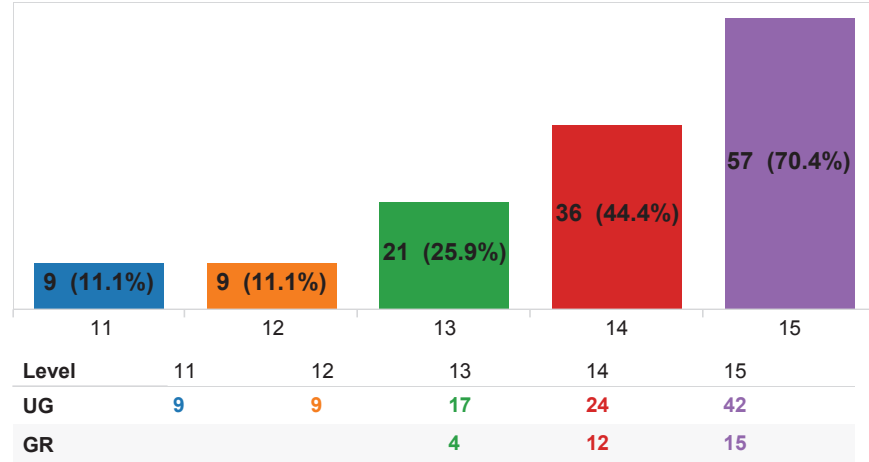

Outcome/Objective, Targets, Measures, Findings and Action Plans broken down by Year. The data is filtered on College and Outcome Objective. The College filter keeps Arts and Science, Business, Education and Nursing. The Outcome Objective filter keeps 415 of 417 members.

AY2011-AY2015 Program Level Performance Status (%)

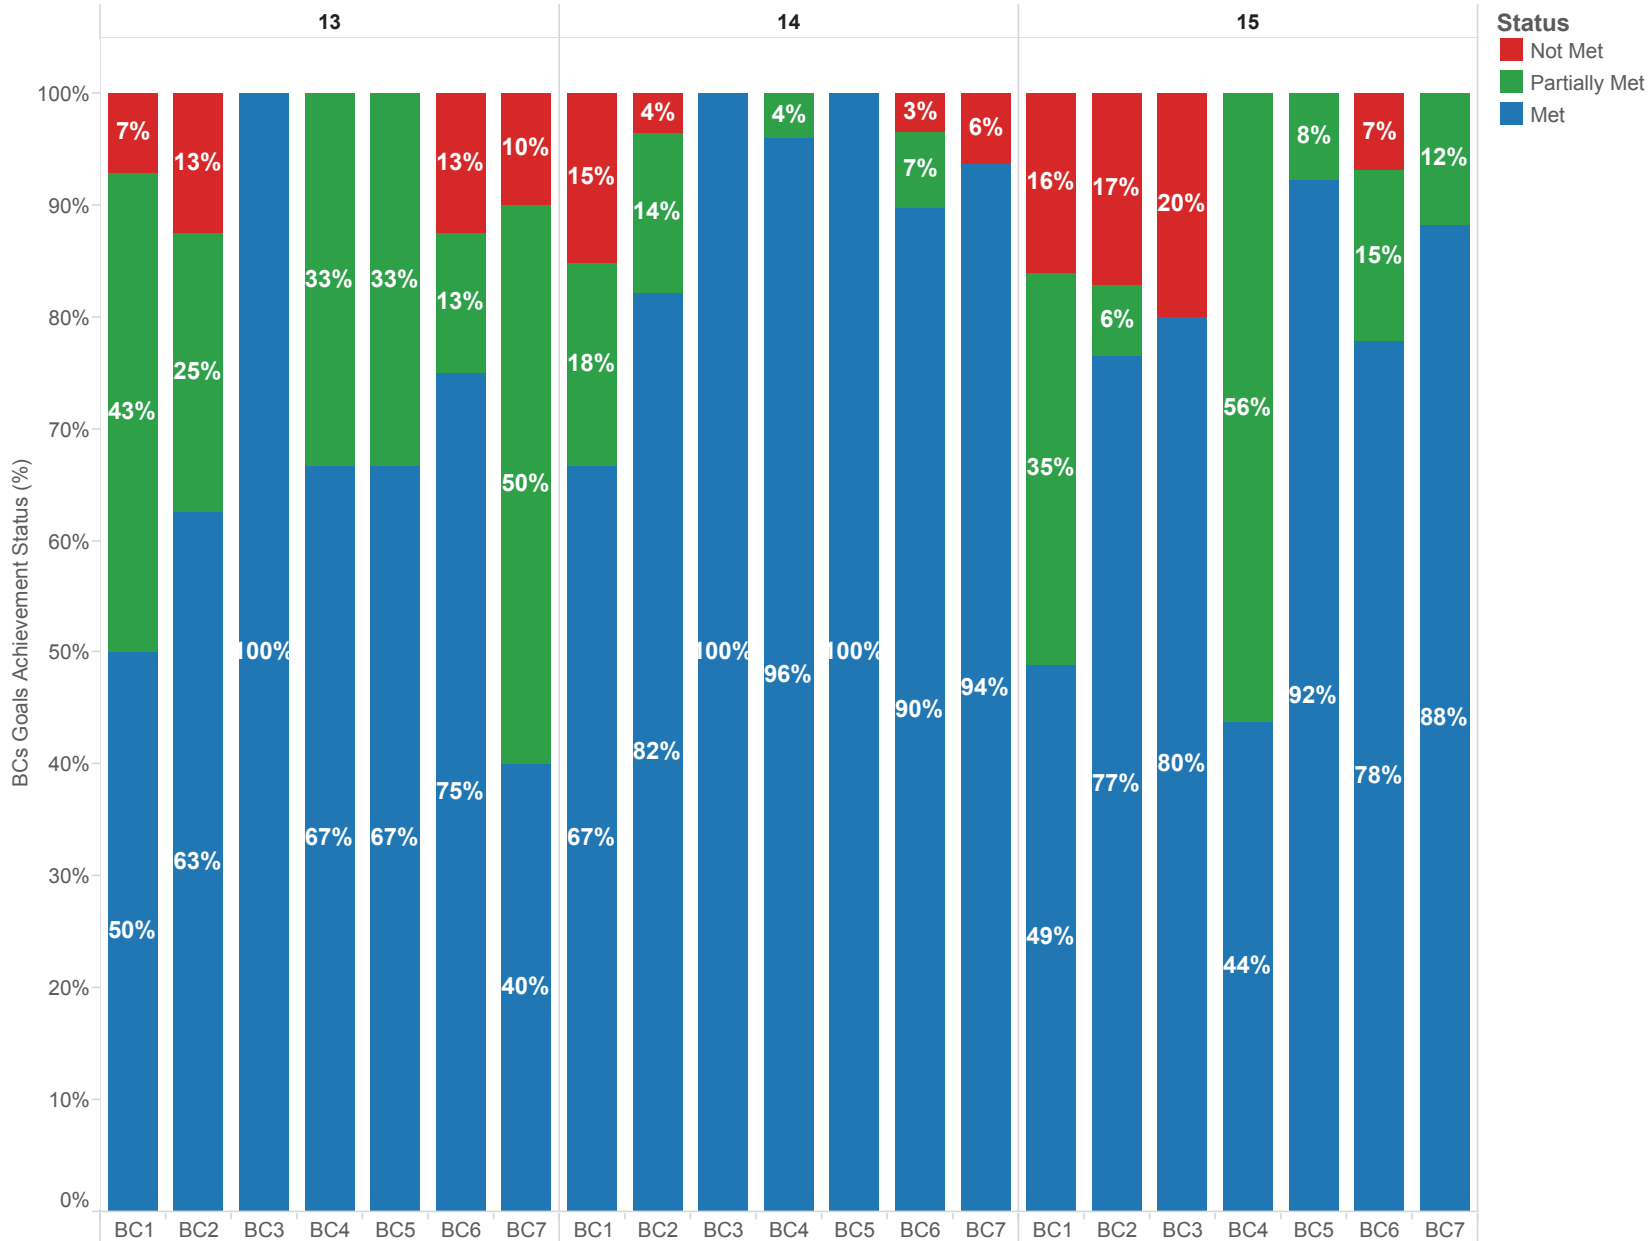

% of Total Count of Major for each Year. Color shows details about Status. The marks are labeled by % of Total Count of Major. The data is filtered on College, which keeps Arts and Science, Business, Education and Nursing. The view is filtered on Status, which keeps Met, Not Met, Not Reported This Cycle and Partially Met.

Programs Outcomes Aligned with BCs (Common SLO)

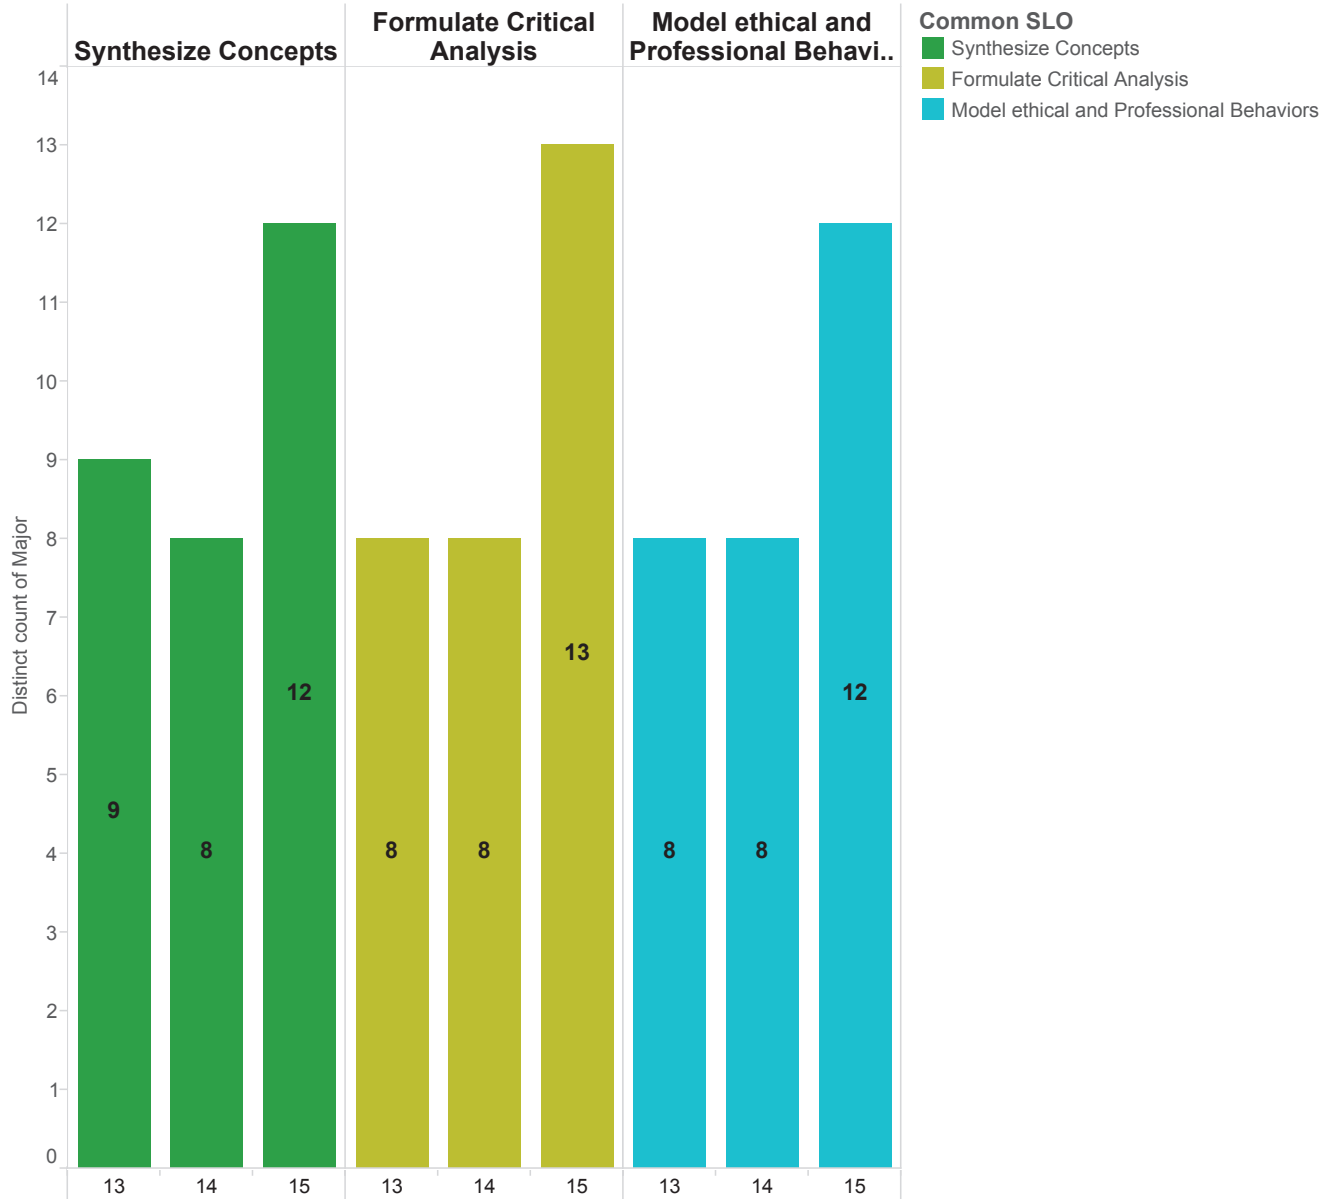

Distinct count of Major for each Year broken down by Common SLO and BC/Common SLO. Color shows details about BC/Common SLO. The data is filtered on Level, Outcome Objective and College. The Level filter keeps UG. The Outcome Objective filter keeps 416 of 417 members. The College filter keeps Arts and Science, Business, Education and Nursing. The view is filtered on BC/Common SLO, which keeps 7 of 11 members.

Program Outcomes Aligned with BC: Performance Status(%)

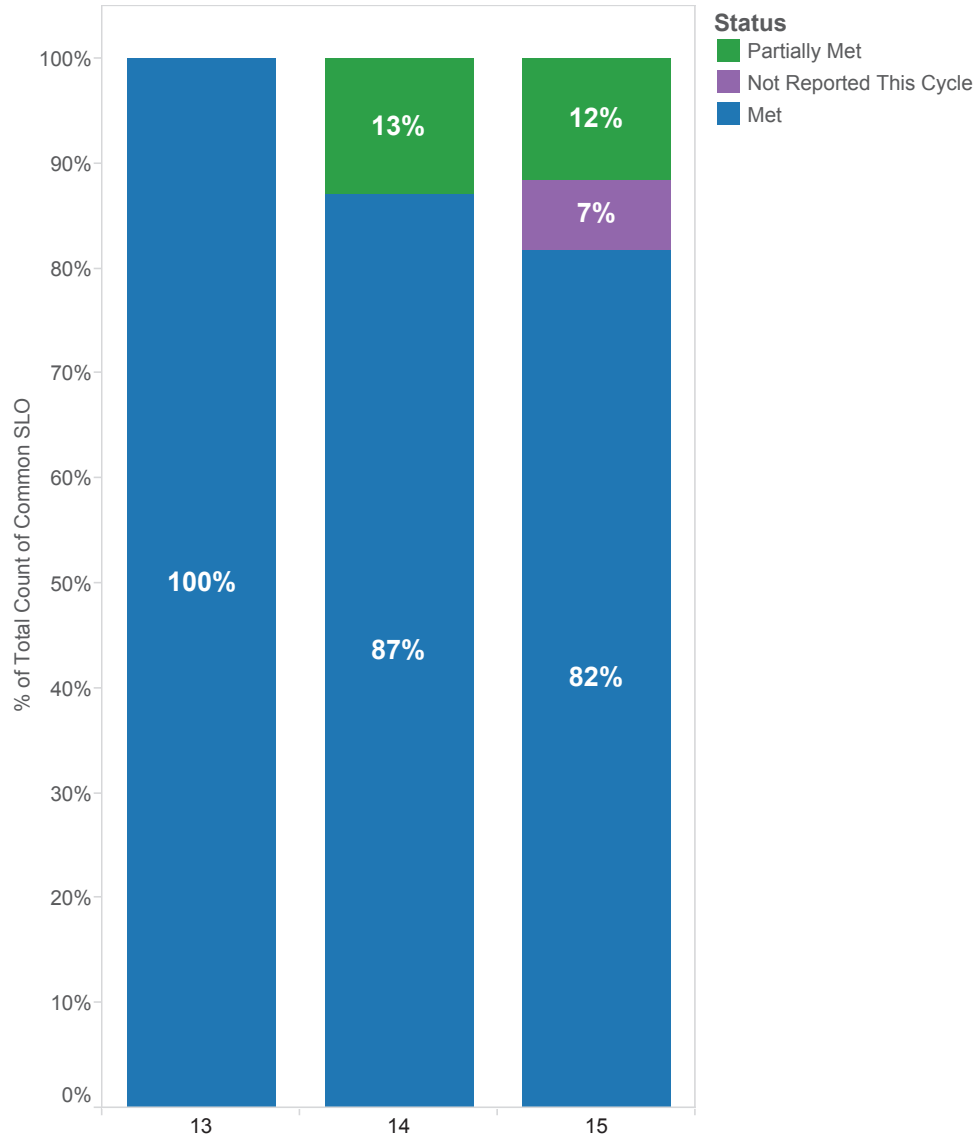

% of Total Count of Status for each Common SLO broken down by Year. Color shows details about Status. The data is filtered on College, which keeps Arts and Science, Business, Education and Nursing. The view is filtered on Status, Year and Common SLO. The Status filter keeps Met, Not Met, Not Reported This Cycle and Partially Met. The Year filter keeps 13, 14 and 15. The Common SLO filter excludes Null, GSLO1, GSLO2 and GSLO3.

Graduate Programs Aligned With GSLOs

Distinct count of Major for each Year broken down by Common SLO and BC/Common SLO. Color shows details about BC/Common SLO. The data is filtered on Level, Outcome Objective and College. The Level filter keeps GR. The Outcome Objective filter keeps 416 of 417 members. The College filter keeps Arts and Science, Business, Education and Nursing. The view is filtered on Common SLO and BC/Common SLO. The Common SLO filter keeps GSLO1, GSLO2 and GSLO3. The BC/Common SLO filter keeps 10 of 11 members.

Graduate Programs Aligned With GSLOs: Performance Status(%)

% of Total Count of Common SLO for each Year. Color shows details about Status. The data is filtered on Level, Outcome Objective, Common SLO and College. The Level filter keeps GR. The Outcome Objective filter keeps 416 of 417 members. The Common SLO filter keeps GSLO1, GSLO2 and GSLO3. The College filter keeps Arts and Science, Business, Education and Nursing. The view is filtered on Status, which keeps Met, Not Met, Not Reported This Cycle and Partially Met.
