

# LEWIS UNIVERSITY BACHELOR'S TO BSN TRACK

## NURSING / BACHELOR OF SCIENCE

The Bachelor's to BSN degree has been designed for individuals who hold a Bachelor's degree from an accredited four-year college. Upon completion of this track, the graduate will be granted a Bachelor of Science in Nursing degree and be eligible to sit for the national examination for licensure (NCLEX) as a registered professional nurse. Prerequisite completion will be determined by the program advisor with each individual evaluation of undergraduate transcripts.

## ADMISSION REQUIREMENTS

1. Application with application fee
2. Cumulative GPA of 2.75 from all official undergraduate coursework from an accredited college or university
3. All official transcripts must be submitted prior to taking the KAT.
4. Successful completion of the KAPLAN Admission Test (KAT)
5. Interview / information session

## CURRICULUM REQUIREMENTS

The Bachelor of Science in Nursing requires the successful completion of the following courses. Movement from semester to semester requires successful completion of all nursing courses from prior semesters.

Admission, progression, curriculum, and graduation policies of the first professional degree program in nursing are subject to change in order to comply with requirements of the current Illinois Nursing Act, and the Rules for Administration of Nursing and Advanced Practice Nursing Act of 2004.
