You’re Closer to Earning Your BSN Than You Think.

Learn How at an Information Session at our Tinley Park Location.

Take your career to the next level without being far from home. Lewis University’s RN-BSN completion program prepares you with the leadership and advanced judgment skills that are in demand in today’s healthcare industry. Learn all about it at our upcoming information session!

- Gain knowledge rooted in an ethical foundation.
- Advance your technical skills to increase your competency.
- Expand your awareness of the nursing profession in multiple areas of healthcare.
- Integrate your acquired skills and knowledge to design, implement and evaluate a professional nursing project, highlighting your project management skills.

Misti Ludwig, Program Director, and Rachel Hudson, Coordinator of Adult Student Academic Services, will be on site to answer questions.
