**FACULTY SPOTLIGHT**

The Faculty Center for the Advancement of Teaching and Learning periodically highlight the dedication and hard work of Lewis faculty from across campus. Check out the newest Faculty Spotlight on Dr. Lauren Rentfro in the College of Education.

Our own Lisa Caldwell sat down with Dr. Rentfro to get the inside scoop on teaching and learning strategies that have evolved over many years of service in the private and educational sectors.

**BLACKBOARD CORNER**

Need Help with Blackboard?

Submit a Ticket

The Academic Technology Solutions team and Office of Technology have teamed up to streamline all Blackboard and Technology requests through the Lewis University Service Desk system. While we are still accepting email and web form requests, beginning July 1, 2018, all web form requests will be directed to the service desk site and the “catssupport” email disabled.

Until the final transition to the service desk system, the Academic Technology Solutions staff will be converting emails and web form requests into service desk tickets to help us serve you better. We appreciate your patience during this transition and, as always, thank you for your contribution to the continued success of our students.
