

Welcome to the Lewis University App

2016-2017

OOHLALA

Features

Campus Guide

Your hub for campus life. Access orientation schedules, campus services, maps, course listings, campus events, organizations and clubs, and more.

Timetable

Your intelligent personal organizer, the timetable lets you schedule your courses, assignments, and tasks. Add in campus events, and never miss an important date with the integrated academic calendar.

Feed

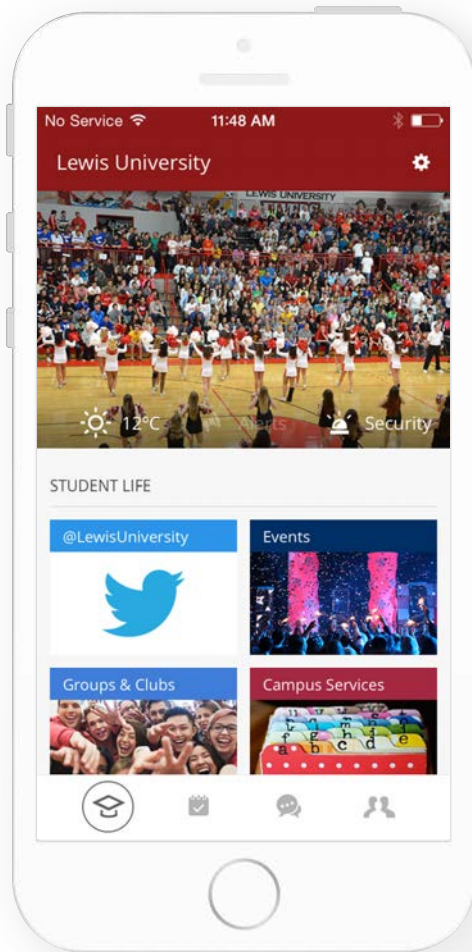

Where you'll find all the buzz on campus. Ask questions, find friends and connect to your community.

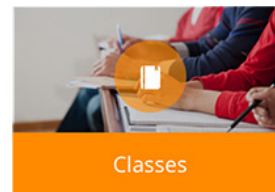

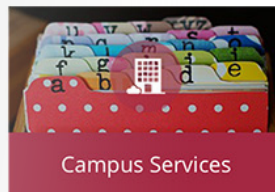

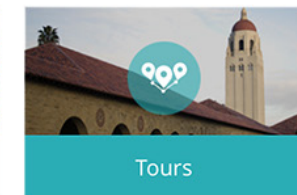

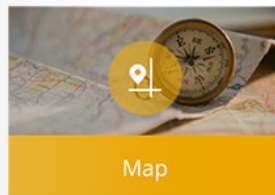

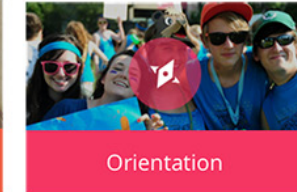

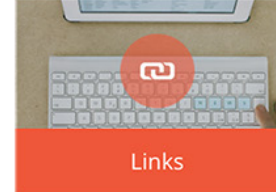

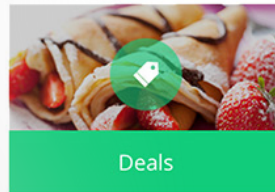

Students

Collaborate and communicate with your friends and classmates. Share your timetable, chat with peers and personalize your profile.

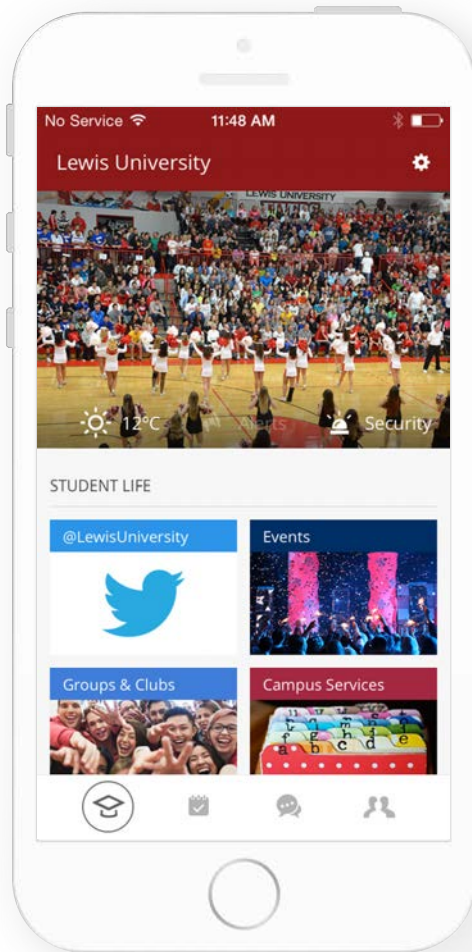

Campus Guide

All your campus information at your fingertips.

Campus Guide (continued)

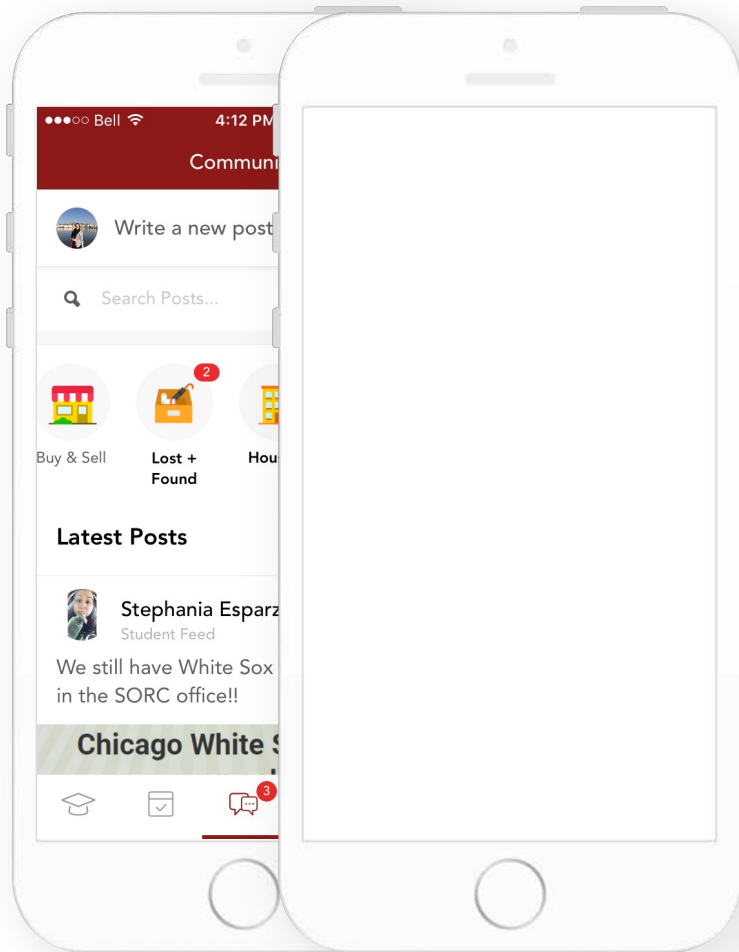

Settings

Edit your personal settings by clicking in the top right hand corner of the campus guide.

Quick Access Buttons

We've added three icons on top of your school's image for quick and easy access to campus announcements, weather information and campus safety.

Feed

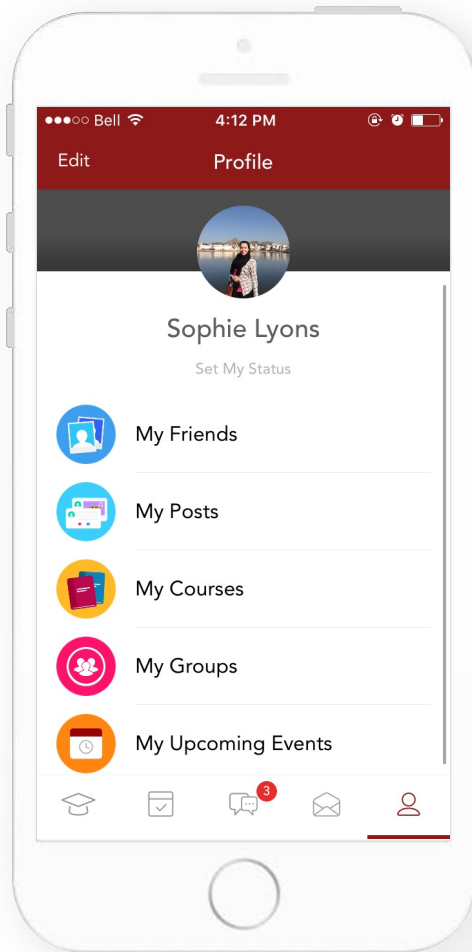

Connect to your campus community through the wall.

Post, comment, and favourite on the campus-wide feed

Need a ride? Want to start a study group? Check out 'Groups' for topic-specific posts and class-only walls.

Students

Connect and collaborate with friends and students on campus.

Students

- Manage your student profile
- Browse your list of friends and classmates
- Select a friend to chat and see their schedules

Inbox

- View your friend requests
