WORKSHOP DESCRIPTIONS:

“Choosing a Major”

Hear information that will help you begin the process to explore what’s important to you and discover your true fit. Learn how to identify your interests, explore your values and acknowledge your abilities so you can determine which major is right for you. Also learn about ways to find out possible career paths for the major you are interested in.

“College to Career”

Are you curious about what will happen as you transition from being a college student to a full-time professional? Come and learn how to excel in your first position once you graduate. Learn how to avoid common blunders some recent graduates mistakenly do in the working world. You will be provided tips on how to overcome transitional challenges that may affect you emotionally, physically, and socially.

“Internship Benefits and Application Strategies”

Come and learn all the benefits of landing an internship and how it can help you when it comes time to do your job search. Strategies for internship searching will also be included.

“Interviewing Strategies”

Learn what you should do before, at and after the interview as well as how to research the employer. Gather typical interview questions and learn how best to answer them. Discover what will set you apart from other candidates. Let us help you to put your best foot forward in order to shine.

“Resume Writing Tips”

Come and learn how to prepare a professional resume as you get ready to start your internship or job search. Learn what employers are looking for as they review your resume.

“Thinking About Graduate School”

Thinking about graduate school? Not sure where to begin? Come and learn all the things you need to consider as you select and apply for graduate school, including tips for paying for this advanced degree.
