Frequently Asked Questions

What is the difference between Curricular Practical Training (CPT) and Optional Practical Training (OPT)?

CPT is employment that is an integral part of your major curriculum and allows you to participate in an internship, practicum or cooperative education program. CPT must be required or, if not required, you must receive course credit. CPT is employer specific and must be done before you graduate. OPT is optional for any student who meets the eligibility requirements and you do not need to earn credit. OPT is not employer specific and may be done before or after you graduate. Please refer to our handout regarding the differences.

Does CPT usage affect OPT eligibility?

You may use as much CPT as is required for your degree program. However, if you use a total of 12 months or more of full-time CPT, you are not eligible for OPT. Part-time CPT does not affect OPT in any way.

Can I apply for OPT if I am part-time student in my last semester?

Yes, as long as you have petitioned OISS to become a part-time student.

Can I request OPT if my I-20 is not current?

No

Do I need a Social Security number?

Yes, you will need a Social Security number in order to receive payment from your employer.

Will I be required to pay Social Security and other taxes?

In general, as an F-1 student you will be exempt from Social Security (FICA) taxes for your first five years in the U.S. as long as you continue to declare nonresident status for tax purposes.

Unless you qualify under a tax treaty between the U.S. and your home government, your earnings as an F-1 student will be subject to applicable federal, state and local taxes, and employers are required to withhold those taxes from your paychecks. For more information on taxes, consult the Internal Revenue Service.
