Fulfilling the Dream at Lewis University upholds the legacy of civil rights leader Dr. Martin Luther King, Jr. who had a dream about equality, peace, and justice for all people. He is one of the many leaders who fought for the rights of African American students.

The purpose of “Fulfilling the Dream” is to motivate African American high school students (Freshmen - Senior) to enroll in higher education, inform students on the essential resources to overcome barriers, understand the importance of education, and become leaders through workshops and discussions.
